

▶▶▶ Sooner or later, everyone needs a workhorse. The Cabo is designed to carry lots of gear and carry it far. Favored for tandem touring, diving, and fishing, the Cabo's oversized stern tank well and 12" x 22" bow hatch will store the proverbial kitchen sink. Outfitted with a rudder, the Cabo can handle crosswinds and currents which offers peace of mind offshore. Plus, with its patented seating and foot well system, the Cabo can be comfortably paddled solo as well as tandem – with enough room and carrying capacity for a child or pet in the center.
