

▶▶▶ Big paddlers rejoice! The Drifter is Ocean Kayak's roomiest model. Built for large paddlers who still need capacity to carry plenty of gear, the Drifter offers a large bow hatch and an oversized tank well. The Drifter also features a raised cockpit that will help to keep your seat dry. The redesigned cockpit has a divided tray for keeping small items (like lures) organized, plus a molded-in area to rest your tackle box. There is no single kayak on the market with more room and weight capacity than the Drifter. The Drifter is also available in the Angler Edition.
