

▶▶▶ The Frenzy performs well on surf, tight rivers, and flat water due to its short length and built-in keel. No wonder it's our most popular single kayak! At 31" wide, the Frenzy is stable enough for beginning paddlers, but is spunky enough to provide years of fun on a variety of water types. If you're the kind of person who likes a little of this and a little of that, look no further than the Frenzy. Compact, versatile, easy to store, and fun for the whole family, you can't go wrong with a Frenzy.
