

▶▶▶ The Kea offers Ocean Kayak's classic tri-form hull scaled down for kids. The Kea's narrower hull makes it easy for a child's short arms to reach over the sides for a comfortable, more efficient paddlestroke. The Kea also features a stern storage area to pack lunch (or to bring home treasures!), and is short and lightweight enough to toss in the back of a van or station wagon. Forget water wings or inner tubes – your kid's very own kayak is the coolest!
