

▶▶▶ The Prowler offers plenty of cockpit room, an ENORMOUS tank well, and a mighty big bow hatch. The Prowler's length makes it perfect for strong paddlers to cover distances quickly, while its width creates stability and carrying capacity. Take the high-capacity Prowler and trick it out for fishing and you get the Angler Edition, offered in high visibility yellow for paddling in high traffic zones, or olive for stealthier trips. The Prowler Angler features brass strap eyes, flush-mounted rod holders, tackle box storage, and more! Combine all of that with room to bring home the big one and you have no excuses for the one that got away.
