

▶▶▶ The Scupper Pro TW is a sleek, efficient sit-on-top for touring, fishing, or diving – check out that storage space in the bow hatch and tank well! A favorite among warm and cool water explorers alike, the Scupper Pro TW features a tri-form hull for extra stability combined with length and a narrower beam for speed. When outfitted with a rudder, the Scupper Pro TW can also handle crosswinds and currents distance paddlers may face offshore. If you like the peace of mind a sit-on-top can offer, but still want the efficiency and look of a traditional sea kayak, look no further than the Scupper Pro TW.
